1. Capital Improvement Needs:

- a. How would you rate the overall condition of the physical plant of the institution?

The overall condition of the physical plant of South Central Correctional Center is good. The roofs leak and metal doors are rusting. The Del-Norte fence system is in desperate need of upgrading-only one (1) of thirteen (13) zones has received updating.

- b. What capital improvement projects do you foresee at this facility over the next six years?

The Administration parking lot will need paving within the next year or two (2). SCCC currently seals the parking lot every other year. The mobile office unit which currently houses our training department will require replacement within the next two (2) years. The housing unit control bubble floors are needing replacement as the rollers on the chairs wear through the floor tile to the plywood. The water softener in the Power Plant is five (5) years past it's life cycle and operating at fifty percent efficiency.

- c. How critical do you believe those projects are to the long-term sustainability of this facility?

The water softener replacement at this time is our most urgent issue, but is not what we would consider critical to the long term sustainability of the facility.

2. Staffing:

- a. Do you have any critical staff shortages? *SCCC is short two (2) Cook II's.*

b. What is your average vacancy rate for all staff and for custody staff only?

South Central Correctional Center's average vacancy rate for all staff is approximately sixty-one (61). Of the total, approximately forty-nine (49) were custody staff members. This includes retirees.

c. Does staff accrual or usage of comp-time by staff effect your management of the institution?

The accrual and usage of compensatory time significantly impacts operations from a custody and food service staffing viewpoint and it negatively impacts staff morale. The accrual and usage of compensatory time by non-custody staff creates minimal impact.

d. What is the process for assigning overtime to staff?

Custody staff overtime assignment is outlined in the union agreement.

Officers are first given the opportunity to volunteer. If there still remains a deficiency in meeting minimum staffing levels, the mandatory overtime list is utilized. The mandatory list requires the officer(s) at the top of the list to report for duty, if not currently on duty.

e. Approximately what percentage of the comp-time accrued at this institution does staff utilize as time off and what percentage is paid-off?

Approximately 66% of comp time accrued is paid off; 34% is used.

f. Is staff able to utilize accrued comp-time when they choose?

South Central Correctional Center makes every effort to flex off any earned overtime by both custody and non-custody staff members to minimize the accrual of compensatory time.

3. Education Services:

a. How many (and %) of inmate students at this institution are currently enrolled in school?

SCCC currently has 266 students (45%) enrolled in school.

b. How many (and %) of inmate students earn their HSE each year in this institution?

Fifty-nine (59) students (11%) earned their HSE last year at SCCC.

c. What are some of the problems faced by offenders who enroll in education programs?

1. Insufficient seat space in Education due to staff shortages has resulted in offenders being placed on a waiting list to start taking classes.

2. Students who are only in school because it is mandatory, creating distractions in the learning environment that hinders the progress of those who truly wish to earn their HSE.

3. Conduct violations received resulting in assignment to Administrative Segregation.

4. Educational standards & expectations evolving at a faster pace than curriculum can keep up with.

4. Substance Abuse Services:

a. What substance abuse treatment or education programs does this institution have? *N/A*

d. Do you offer any training related to computer skills? *N/A*

6. Missouri Vocational Enterprises:

a. What products are manufactured at this institution?

The SCCC Furniture Restoration Factory is a two-phase operation within the Missouri Vocational Enterprises. The first phase is the new line manufacturing. In this phase we manufacture new furniture; for example, executive, conference room, and waiting room style chairs, couches, and tables from solid wood. The furniture, if necessary, can then be upholstered with fabric, vinyl, faux leather, or real leather. The second phase is furniture restoration. In this phase furniture is restored for courthouses, state departments, public schools, and libraries in addition to personal furniture for any state employee who requests refinishing. We have a set fee for manufactured items and the fee for restoration is based upon the item(s).

b. How many (and %) of offenders work for MVE at this site?

SCCC currently has eighty (80) workers consisting of 6.98% of our general population.

c. Who are the customers for those products?

Any Missouri State agency, Missouri State employee, or any Missouri non-profit organization.

d. What skills are the offenders gaining to help them when released back to the community?

MVE is an on-the job training program. The skills an offender is offered at the SCCC factory range from upholstery to woodworking/carpentry. There are also a few offenders who are afforded the opportunity to learn more advanced skills such as record keeping, clerical skills and small business operation. MVE is committed in creating relevant job training for offenders so they may become productive citizens. We strive to promote personal attributes, as well as, offering the offender job skills. At the same time, the offender must maintain proper institutional behavior and conduct in order to remain employed within the factory. The offenders in MVE receive special classroom training, which is from a PBS series titled "Workplace Essential Skills". This training will develop workplace skills in employment, communication and writing, math, and reading. This is presented from a VCR tape or CD. Computer literacy training will be offered from a CD (Jan's Illustrated Computer Literacy 101) and a stand-alone computer. Upon completion of these two programs, certificates are issued to the offender.

7. Medical Health Services:

a. Is the facility accredited by the National Commission on Correctional Health Care? Yes.

b. How many offenders are seen in chronic care clinics?

Nine hundred forty-five (945) offenders are enrolled in chronic care clinics. Offenders are seen monthly, every three (3) months, or every six (6) months, depending on the clinic they are enrolled in.

c. What are some examples of common medical conditions seen in the medical unit?

The most common medical conditions seen in the SCCC Medical unit include injuries, pain, dental complaints, sinus problems, constipation, and medication needs/questions.

d. What are you doing to provide health education to offenders?

SCCC offers one-on-one education at the time of the nurse/doctor visit, as well as chronic care education, information provided via the offender information channel, and hosts an annual health fair.

e. Have you had any cases of active Tuberculosis in this facility in the past year? If so, how did you respond? No.

f. Is the aging of the population effecting health care in prisons as it is effecting health care every where else? If yes, please explain

Yes, the aging population requires more assist devices such as wheelchairs, canes, and walkers; as well as experience failing eyesight, memory problems, exacerbation's of chronic illnesses, and inability to function in general population.

8. Mental Health Services:
